National and public university: Science

Private university: Liberal arts

Private university: Science

VOICE

Kae Furukawa, 3rd grade, Aviation Premium Advanced Course
From Kofu municipal Hokusei junior high school in Yamanashi

We have classes not only in daytime, but also at night. We can have good grounding in all subjects, and if we have some questions in daytime, we can solve them by asking the teachers at night classes. And we can study at the self-study room freely whenever we want to use. Let's try with us to make your dreams come true!

Advanced Course of
Athletics and
Performing Arts

VOICE

Tokiya Okoshi, 3rd grade, Advanced Course of Athletics and
Performance Arts
From Omaezaki municipal Hamaoka junior high school in Shizuoka

I try hard every day about both studying and my club activity.
It is hard for me to study in daytaime and also at night, but we
all learn for our future. It would be better if you want to challenge
both studying and club activity!

General Course

Now you realize it's time to do what is the best for you.

[General Course]

We must keep learning through the whole life, and you have only about 600 days in your high school.

You can learn more about what is necessary for you in the future, through studying both liberal arts and science. You can start from the basics to the practice.

From basic knowledge to practical one. We can improve ourselves.

VOICE

Zhao Yang, 3rd grade, General Course
From Shandon Laiwu Huayuanxuexia junior high school in China

We can learn basic studies and practical learnings in this course. I am a study abroad student from China, and I feel the students of this course are all satisfied with the contents of classes. I like English, but not still good at comprehending long English sentences. Teachers kindly teach us the grammar and its structure, so we can easily solve the quetions. Let's study together, and broaden our potential abilities.

Fully artificial turf soccer field

Basketball court and Volleyball court, largest gymnasium (J-Ship GYM)

Karate training gym

Table tennis GYM

The largest martial arts hall dedicated to kendo

Taraflex volleyball court

Baseball stadium

Initial load training and Weight training facility

【Sports Course】

There is no reason not to win.

The sports course aims to improve physical ability and skills in specific sports. Through sports, we decide on career paths such as going on to higher education and getting a job. In addition, we are aiming for a fulfilling school life with "one of the best facilities in Japan," "correct knowledge gained from first-class instructors," and "abundant amount of practice in class-specific classes."

Sports Course

VOICE

Hiroto Tani, 3rd grade, Sports Course

In the sports course, there are many well-equipped facilities, and you can engage in sports in a fulfilling environment. In particular, there is a timetable called course lessons, so you can spend a lot of time facing baseball. In addition, we have a top-class weight training room in Japan, so you can improve your muscle strength. Would you like to work hard with us?

People have a mind that creates imagination.

Your dreams shine on the stage.

Performing Arts Course

JAA
Performance
Group

【Performing Arts Course】

Wind Orchestra Company

**Music that shines in your heart.
Support that will move your heart.**

In addition to performing at ceremonies and school events and supporting club activities, we are expanding the range of activities to stages outside the school. Professional coaches will give lessons for each instrument so that even beginners can play. Not limited to sitting music, we also incorporate marching and performances to deliver music that resonates with the heart.

Drum Company

Embodies the spiritual culture of Japan.

Wadaiko is a musical instrument that has a lot of depth and is hard to touch. In this course, you can learn how to play Japanese drums, learn musical expressions while listening to music with friends, and not only hand down traditional performing arts, but also learn etiquette, attitude, and cooperation.

Wing Dance Company

Polish your self-expression and find a new self.

You will learn a wide range of dances and theatrical singing in all genres such as ballet, theater dance, and HIP HOP. Through many stage experiences and musical creations, you can develop your expressiveness and sensibility. Also, let's acquire necessary elements such as etiquette and cooperation even after going out into society.

VOICE

Riri Makino, 3rd grade, Performing Arts Course

The art course is a course where you can learn dance, Japanese drums, and brass band as part of the class. Since you can directly teach professional teachers, you can learn what you want to do in earnest. I like dancing, so I chose this course because I can spend my lesson time learning and improving. By studying lessons such as ballet, jazz, and hip hop in a fulfilling environment, you will not only improve your skills but also your mental health. In addition, you can learn etiquette naturally, and you can learn a lot of valuable experiences. Why don't you try it together?

Digital Content Major IT Engineering Major New course starts
